

OMONIYI IREOLUWA HELEN

Virtual Assistant | Executive & Administrative Support Specialist

Lagos State, Nigeria | +234 816 838 5418 | omoniyiireoluwa@gmail.com | [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

Results-driven Virtual Assistant specialized in executive and administrative support, with proven experience managing calendars, inboxes, records, and cross-functional projects for both an academic institution and multiple independent clients. ALX Africa-certified, with demonstrated proficiency across Notion, ClickUp, Trello, Asana, Google Workspace, and Buffer. Builds reliable systems that help busy founders, executives, and coaches stay organized and on track, from client onboarding and SOP creation to content planning and client tracking. Known for attention to detail, fast turnaround, and confidential, professional communication.

CORE COMPETENCIES

- Executive & Calendar Management | Email & Inbox Management | Travel & Meeting Logistics
- Document & Records Management | SOP Creation | Data Entry & Reporting
- Project & Task Coordination — Trello, ClickUp, Asana, Notion, Monday.com
- Client Onboarding & Relationship Management | Client Tracking Systems (Google Sheets)
- Content Calendar Planning & Social Media Scheduling (Buffer, Notion, Canva)
- Google Workspace | Microsoft Office Suite (incl. Excel) | Zoom | Calendly | WhatsApp Business
- AI Tools: ChatGPT, Claude, Gemini, Grammarly, Perplexity AI

PROFESSIONAL EXPERIENCE

Administrative Assistant — Anchor University, Lagos

Sept 2024 – Aug 2025

- Streamlined meeting coordination for 5+ faculty boards, improving scheduling efficiency by 25%.
- Digitized and managed records for 100+ students, achieving 100% compliance with data protection standards.
- Coordinated logistics, meeting materials, and documentation across multiple faculty boards, improving scheduling accuracy.
- Prepared weekly progress reports and tracked departmental deliverables to support accountability and decision-making.
- Managed communication with faculty, students, and external stakeholders, ensuring timely, professional responses.
- Supported accreditation documentation and audits by maintaining organized, audit-ready records.

CLIENT PROJECT PORTFOLIO (Independent / Portfolio Systems)

BloomDesk Co. — Full Client Support System (Google Docs, Trello, Google Calendar)

- Designed an end-to-end backend system including onboarding forms, weekly reporting, task tracking, and client communication templates, improving the client's operational organization.

PureGlow Co. — Business Organization System (ClickUp)

- Structured three operational workspaces spanning social media, admin/VA tasks, and product launch planning to centralize task management.

Spark & Shelf Studio — LinkedIn Content Calendar (Notion)

- Developed a strategic content system with table and calendar views, reducing weekly planning time for the client.

Client Tracking System (Google Sheets)

- Built a color-coded tracker for 15 clients across lead, active, and completed stages to eliminate missed follow-ups.

TM World Media — Project & Content Workflow (Trello, Buffer)

- Managed a content workflow board and scheduling system, improving content consistency and turnaround time.

John George — Client Onboarding & SOP System (Google Docs, Notion)

- Created an onboarding workflow and an email/task management SOP to standardize new client setup.

EDUCATION

B.Agric. Tech. (Ecotourism and Wildlife Management) — Federal University of Technology, Akure, Ondo State — 2024
